April 2022 Newsletter

News and Views

Our first monthly newsletter, intended to keep members updated and informed about club news and events. We intend distributing by e-mail the first week of each month excluding the month the club magazine is issued, this will be distributed by post as normal. Typically we will report briefly on the events that have occurred in the previous month and look forward over two months to any activities occurring in that time frame.

Social Events Update

The monthly meetings at the Coffee House remain popular and have attracted new members over previous months, the last proposed visit was going to be Sunday 3rd April, however we are now extending our visits on the first Sunday of each month throughout the Summer and into the Autumn.

The visit to Gibraltar Point on Wednesday 6th April has been cancelled. The next Social Event is on Sunday 1st May at Papplewick Steaming Day.

Static Events Update

This month marks the start of the Static events season. The first venue is Thorpe Camp on 24th April, twenty two members have signalled an interest and the booking has been confirmed, they are relaxed about numbers so still time to let me know if you are going attending right up to the actual date. Gates open at 1:00 till 5:00.

Address and postcode are : Thorpe Camp, Tattershall Thorpe, LN4 4PE. Normanby Hall on the 8th of May has been cancelled due to the bureaucracy being experienced by the organisers.

Caistor Market Place Event is now scheduled for 1st of May, although it clashes with Papplewick members may wish to attend an event closer to home. Pre booking is required by e-mailing jayne109a@gmail.com and providing name, your e-mail address, car make, age and registration number.

Appleby Update

Date confirmed with Applebys as 7th August, invites sent out to the clubs attending last year, flier posted on facebook group pages, application forms sent out to any individual requests, Members were asked to contact me if attending, last year Sue used the approach of asking to be notified if **NOT** attending, can we revert to this approach as it worked well last year?

i.e. Please notify lac2022show@yahoo.com if NOT attending
